Construction Methods

injection mold

This is SKB's latest venture in our quest to provide the most innovative hard shell case products. Injection molding is an expensive investment and there is no room for error. Made with extreme pressure, even the smallest injection molded part requires a very large and heavy mold. SKB has molds that are nearly 20 tons! Many of our parts, such as our patented Trigger Latches are produced by the injection mold process. Our 3i case series includes a gasket that makes the case watertight and dust proof. Our latest injection molded cases for

guitars and basses are very popular with touring musicians. These cases have dual latches as they are also used for military weapons. Never before has an ATA flight case been so lightweight, yet so advanced.

roto-mold

In 1997, SKB invested in roto-mold machinery. These molds are ideal for making larger cases and cylindrical cases. The PE roto-mold material starts as a fine powder that is measured according to the size of the case. The material is then sealed up in a multi-piece aluminum mold and fixed on a biaxial rotating wheel. The material is heated at 800° in a very large oven

while constantly rotating. The powder melts and coats the inside of the mold and after cooling, the cast is disassembled and the case is removed. Roto-Molding is great for providing maximum protection and can withstand maximum impact in transport.

Our Story

In 1977, two ambitious college students developed the first SKB case in a small Anaheim, California garage. What would eventually become the industry's premier lightweight molded guitar case was just the first of many innovations that have since cemented SKB's global reputation as a leading manufacturer of superior equipment transportation solutions. These solutions are helping diverse industries around the world—from music and photography to sports, aerospace, military, industrial, and beyond—to protect their livelihoods, build better products, and get the job done.

If our 40 years of steady growth have taught us anything, it's that we have our customers to thank for giving us the opportunity to excel; it's their challenges that have allowed us to develop and grow. We at SKB are grateful for the continued trust and loyalty of our customers, and we remain dedicated to the assurance that every case with an SKB logo has been manufactured with an unconditional commitment to unsurpassed quality.

Building A Better Camera Case www.sikeb.com

Every photographer or videographer's setup is different. That's why most hard shell case companies create camera cases with "Pick-and-Pluck" (cubed) foam interiors so customers can customize their cases to fit their gear. However, the reality is that cubed foam interiors can break down over time, and the resulting foam dust isn't friendly to sensitive camera parts and lenses.

Camera case customers would never think to buy a camera bag or backpack with this type of foam interior, so why do hard shell case companies think this is an appropriate solution?

In addition to being the only case company to offer a variety of high quality PE foam specifically cut for photo and video products, SKB provides padded dividers as an alternative to cubed foam in our camera cases. But we knew these dividers could be improved upon. After all, building tough-as-nails hard shell cases is our specialty—developing superior camera case interiors is someone else's. And we're proud to say we've teamed up with the best in the business to make sure we could deliver the ultimate in camera and video transport solutions available today.

Think Tank Photo, *the* premier photo/video bag and backpack company, provided their expertise to help us design several quality interiors that combine the best of both worlds: soft case adaptability with the unparalleled strength and durability people expect from SKB's versatile watertight, airline-tough iSeries cases.

You'll see the results of this exceptional collaboration on the upcoming pages. With the design and manufacturing help of Think Tank Photo, SKB will expand an entire series of products under the Photo Flyer Series including dividers designed specifically for photographers and videographers, lid organizers that are perfect for storing tablets, laptops, and other accessories, as well as a bunch of game-changing innovations yet to come.

We understand that securely transporting expensive, sensitive, and highly customized gear is the number one priority for every pro photographer and videographer. With Think Tank's collaboration, we're confident we've developed the perfect solution—and we think you'll agree.

Travel confidently with your SKB case.

Photo Flyer Series

All Think Tank Dividers include:

- Polyurethane backed Nylex™ divider shell and divider walls including a 90° camera body bend
- Closed cell foam and PE board reinforced nylon dividers

All Think Tank Lid Organizers include:

- Padded top-load slot for documents, iPad or laptop
- Strong hook and loop for secure fit in lid
- Laminated zippered clear mesh pockets

Interiors Designed By:

3i-1309-6DL

Form-Cut Foam Camera Cases

3i-13096LENS

iSeries DSLR Lens Case fits popular lenses from 24-70mm to 70-200mm

3i-0907-6SLR

iSeries Compact DSLR Camera Case with pockets for additional lens, batter and memory card

美国SKB产品中国总代理 www.sikeb.com

Fits most popular DSLR bodies such as the Canon 5DMKii or Nikon D810 with lens attached, and features a removable foam block for 70-200mm lens

Model #	Interior Foam Description	Outside Dims L x W x D	Product Weight
3i-0907-6SLR	Form cut for Compact DSLR Camera	10.68" x 9.69" x 6.82" 27.13 cm x 24.61 cm x 17.32 cm	2.8 lbs 1.27 kg
3i-13096SLR1*	Form cut for Canon 5DMKII or Nikon D810 DSLR bodies	14.73" x 11.94" x 7.31" 37.41 cm x 30.33 cm x 18.57 cm	5.2 lbs 2.36 kg
3i-13096SLR2	Form cut for DSLR Camera (same as SLR1) Lens detached from body	14.73" x 11.94" x 7.31" 37.41 cm x 30.33 cm x 18.57 cm	5.2 lbs 2.36 kg
3i-13096LENS	Form cut for 24-70mm to 70-200mm Lenses	14.73" x 11.94" x 7.31" 37.41 cm x 30.33 cm x 18.57 cm	5.2 lbs 2.36 kg

Form-Cut Foam Camera Cases

3i-13096SA7

Fits all Sony A7 and A7ii camera bodies with lens attached, and features a removable foam block for 70-200mm lens

3i-20117SLR2

iSeries DSLR Camera Case holds two camera bodies with 24-70mm and 70-200mm lenses attached, and includes wheels and pull handle—ideal carry-on size

Model #	Interior Foam Description	Outside Dims L x W x D	Product Weight
3i-13096SA7	Form cut for Sony A7 and A7ii camera bodies	14.73" x 11.94" x 7.31" 37.41 cm x 30.33 cm x 18.57 cm	5.2 lbs 2.36 kg
3i-20117SLR2*	Form cut for (2) camera bodies with 24-70mm and 70-200mm lenses	21.89" x 13.96" x 9" 55.6 cm x 35.46 cm x 22.85 cm	11.8 lbs 5.3 kg

* Also available in pink: 3i-1309-6SLRP, 3i-20117SLRP

Action Camera/Video Cases

3i-151060SM0

iSeries DJI OSMO Camera Case fits the DJI Osmo X3 and X5 cameras including gimbal, multiple batteries, charger, and other accessories

3i-0705-3GP1

iSeries GoPro Single Camera Case fits any Hero camera model plus battery and accessory compartment

3i-0907-4GP2

iSeries GoPro Double Camera Case fits any 2 Hero camera models plus battery and accessory compartment

Model #	Interior Foam Description	Outside Dims L x W x D	Product Weight
3i-151060SM0	Form cut for DJI OSMO	16.24" x 12.94" x 6.78" 41.25cm x 32.87cm x 17.22cm	6.60 lbs 2.99 kg

Injection Molded Watertight Cases

All SKB photo and video cases are developed using our ever-growing line of waterproof iSeries cases, which provide optimal strength, durability, and customizability to suit every application

See pages 18-19 for a complete list of iSeries sizes and options

Specifications:

- Watertight/dustproof design using tongue and groove construction
- Automatic ambient pressure equalization valve adjusts to changes caused by altitude or temperature
- Impact-strength polypropylene co-polymer provides ultimate protection while also being lighter and multiple times stronger than the competition
- Trigger latches stay closed until you want to open them, with key-locking TSA accepted versions also available
