

# Overland Cases

## Superior Protection

SKB Overland cases are waterproof, feature SKB's patented easy-open Trigger Latch® System, and are impervious to UV, fungus, solvents, corrosion and impact damage to meet or exceed MIL-STD-810H—the only injection molded cases in the marketplace today that are rated to this current standard. They're also made in the USA with field-replaceable hardware, and come with an unconditional lifetime warranty. SKB Overland cases are offered in a unique charcoal grey color that provides high-visibility against mounting systems while still being neutral enough to match most aesthetics. Mounting hardware can be purchased from SKB, but these cases are also compatible with many popular mounting systems available in the market today, allowing for maximum versatility for whatever the situation—or rig—requires.
